DECAYSTATE

LIVE AT ICON · PHOTO: COREY GROSS

METALCORE · SIOUX FALLS, SD · 43.548° N, 96.729° W

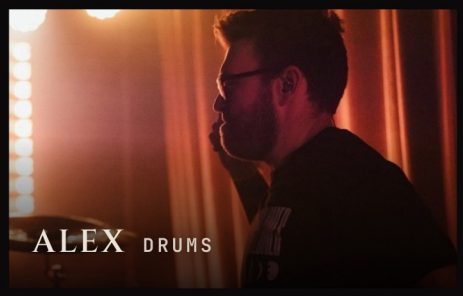

Heavy, deliberate metalcore from South Dakota: corroded low end, mechanical breakdowns and hooks that stick. The three-piece debuted in September 2026 with a headline show at Icon and have since shared stages with Opal in Sky and Mirrorcell. For fans of Northlane, Bad Omens and Architects.
